Bed runners are long, narrow pieces of fabric that are placed at the foot of the bed. They can be used to add a touch of color and pattern to the bedroom, or to provide warmth and comfort on cold nights. Table toppers are similar to bed runners, but they are smaller and are placed on top of a table to protect the surface from scratches and spills.

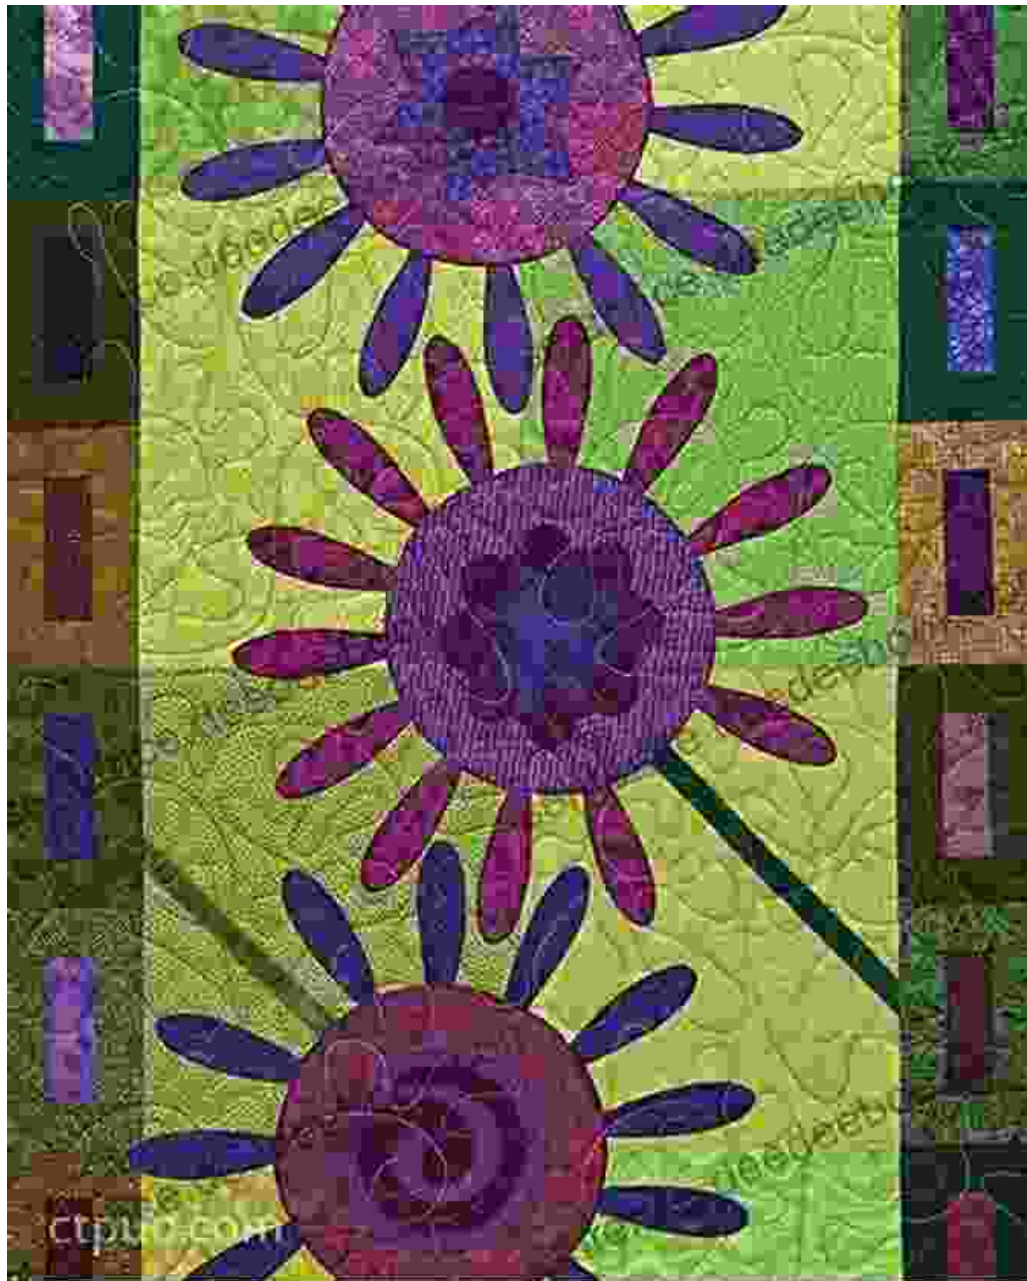

Wallhangings are a unique and stylish way to add depth and interest to a wall. They can be made from a variety of materials, including fabric, wood, metal, and glass. Wallhangings can be used to create a focal point in a room, or to add a touch of personality to a blank wall.

If you're looking for ways to update your home decor, consider adding a few bed runners, table toppers, or wallhangings. These versatile and stylish accessories can transform any room with minimal effort and expense.
