- Checking the tires

Section 3: Engine

This section covers the engine, including:

- Cylinder head removal and installation
- Piston and ring replacement
- Valve adjustment
- Camshaft replacement
- Crankshaft removal and installation

Section 4: Transmission

This section covers the transmission, including:

- Clutch replacement
- Transmission oil change
- Final drive removal and installation

Section 5: Brakes

This section covers the brakes, including:

- Brake pad replacement
 - Brake fluid change
 - Brake caliper overhaul
 - Master cylinder replacement
-

Section 6: Suspension

This section covers the suspension, including:

- Fork oil change
 - Shock absorber replacement
 - Steering head bearing adjustment
-

Section 7: Electrical

This section covers the electrical system, including:

- Battery replacement
- Starter motor replacement
- Charging system diagnosis
- Wiring harness repair

Section 8: Troubleshooting

This section provides troubleshooting tips for common problems, such as:

- Engine starting problems
- Transmission problems
