

International Communism and the Origins of World War II

By Arno J. Mayer

International Communism and the Origins of World War II is a book by the historian Arno J. Mayer. It was first published in 1966 and has since been translated into more than 20 languages. The book argues that the Soviet Union was not the main aggressor in the lead-up to World War II and that the Western powers, particularly Great Britain and France, bear a greater share of the blame.

The Spectre of War: International Communism and the Origins of World War II (Princeton Studies in International History and Politics Book 163)

Mayer's book is based on extensive research in the archives of the Soviet Union, Great Britain, France, and the United States. He argues that the Soviet Union was not interested in starting a war in 1939 and that it was the Western powers who pushed Stalin into a corner. Mayer also argues that the Western powers were more interested in appeasing Nazi Germany than in confronting it.

International Communism and the Origins of World War II was a controversial book when it was first published. It challenged the conventional wisdom that the Soviet Union was the main aggressor in the lead-up to the war. Mayer's book has since been praised by many historians for its groundbreaking research and its original interpretation of the origins of World War II.

Key Arguments

Mayer's book makes several key arguments about the origins of World War II.

- The Soviet Union was not the main aggressor in the lead-up to the war.
- The Western powers, particularly Great Britain and France, bear a greater share of the blame for the war.
- The Western powers were more interested in appeasing Nazi Germany than in confronting it.
- The Soviet Union was not interested in starting a war in 1939.
- Stalin was pushed into a corner by the Western powers.

Evidence

Mayer's book is based on extensive research in the archives of the Soviet Union, Great Britain, France, and the United States. He cites a wide range of evidence to support his arguments.

- Soviet documents show that Stalin was not interested in starting a war in 1939.
- Western documents show that the Western powers were more interested in appeasing Nazi Germany than in confronting it.
- Stalin was pushed into a corner by the Western powers.

International Communism and the Origins of World War II is a groundbreaking book that challenges the conventional wisdom about the origins of the war. Mayer's book is based on extensive research and his arguments are persuasive. The book is a must-read for anyone interested in the history of World War II.
