

Stop Obama Attack On Our Borders Economy And Security

President Obama's policies on immigration, trade, and foreign policy have been a disaster for our country. We need to stop him before he does any more damage.

Immigration

Obama's immigration policies have been a complete failure. He has allowed millions of illegal immigrants to flood into our country, and he has refused to enforce our immigration laws. This has led to a surge in crime, a drain on our economy, and a threat to our national security.

Obama's amnesty plan would only make things worse. It would give amnesty to millions of illegal immigrants, rewarding them for breaking the

law. It would also encourage more people to come to our country illegally, knowing that they will be able to stay here and get a job.

We need to stop Obama's amnesty plan and secure our borders. We need to build a wall along our southern border, increase the number of border patrol agents, and crack down on employers who hire illegal immigrants.

Trade

Obama's trade policies have also been a disaster. He has signed trade deals that have led to the loss of millions of American jobs. He has also allowed China to manipulate its currency, giving them an unfair advantage in trade.

We need to stop Obama's trade deals and protect American jobs. We need to withdraw from the Trans-Pacific Partnership (TPP) and the North American Free Trade Agreement (NAFTA). We also need to impose tariffs on goods from China to level the playing field.

Foreign Policy

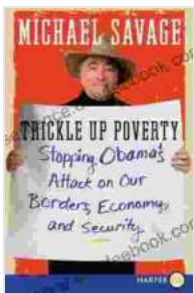

Obama's foreign policy has been a disaster. He has weakened our military, alienated our allies, and emboldened our enemies.

We need to rebuild our military, strengthen our alliances, and stand up to our enemies. We need to increase defense spending, restore our nuclear arsenal, and develop new weapons systems.

We also need to stop Obama's dangerous nuclear deal with Iran. This deal gives Iran a pathway to nuclear weapons and will make the world a more dangerous place.

President Obama's policies on immigration, trade, and foreign policy have been a disaster for our country. We need to stop him before he does any more damage.

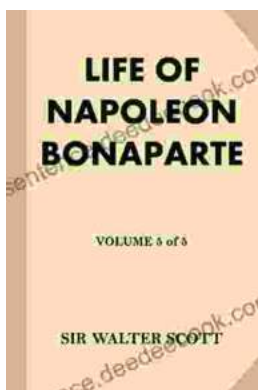

We need to secure our borders, protect American jobs, and rebuild our military. We need to stand up to our enemies and make America great again.
